

Procedure in the event of a **positive** Covid-19 test result in the context of self-testing for employees or students

Instructions for action	
1. Immediate self-isolation	The journey to domestic isolation must be made by a direct route and without using local public transport
2. Inform the competent health authority (Gesundheitsamt)	The health authority of the place of residence is responsible; in the case of Lübeck: E-Mail: corona@luebeck.de or by telephone 0451/122 2626 Follow the instructions of the health authority!
3. PCR test	Via 116 117 or general practitioner
4. Quarantine until the result of PCR-test	Negative test result: The health department informs about the lifting of the quarantine!
	Positive: The health department informs about the duration of the quarantine.
	If the test result is positive: inform the University at coronavirus@uni-luebeck.de
<p>If you have any questions, please contact coronavirus@uni-luebeck.de.</p> <p>Thank you for testing yourself and following the rules above.</p> <p>It may be that the PCR test does not confirm the positive rapid test result. However, should the test result be verified, we wish you a mild course of the disease and a speedy recovery!</p> <p>Your Presidium of the University of Lübeck</p>
